Housing

WHEDA (Wisconsin Housing & Economic Development Authority)

Prepares an Inventory of Federally Assisted Rental Housing in Iron County. This is part of WHEDA's continuing commitment to provide information to aid in the development of low-income housing.

Tenant's ability to pay rent as used here means an amount not to exceed 30% of income.

An asterisk (*) with a number in a program column indicates the number of units that have been overlaid with an additional subsidy of that have been reversed for low-income residents. The first number in the column represents the number of total units with additional subsidy. The total units without regard to subsidy are included in the county line totals.

(**5 units designated for homeless)

Key:

LIPH – Low Income Public Housing: Public Housing Authority owned and operated.

S8/NC – Section 8 New Construction and Substantial Rehabilitation: HUD provides a rent subsidy to the owner for the difference between tenant's ability to pay and the contract rent.

S8/VR – Section 8 Voucher: Existing units are selected by the tenant, and HUD provides a subsidy to the owner for the difference between tenant's ability to pay and the contract rent.

S/515 – Section 515 (I.C.) Rural Economic Community Development Services (RECDS) provides below market interest rate loans to owners to reduce costs to tenants. Additional rent subsidy may be provided to the tenant.
